Cabinets

Three door styles in seventeen colors, for kitchens, bars, baths and laundry rooms.

Three door styles. Seventeen colors.

5 COLORS

European

A flat slab door. No frame and no groove on the front, so the door reads as one clean surface, in a high gloss color or a wood grain.

8 COLORS

Shaker

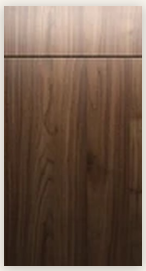

A flat center panel set inside a square frame. No carving and no curve, so it fits a classic kitchen as easily as a modern one.

4 COLORS

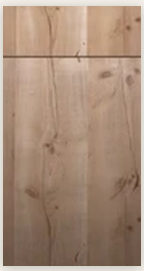

Double Slim

The same frame and panel idea, made thinner. A slim outer frame and a second fine step around the panel give a lighter, more tailored look. All four colors are oak.

Stone

Quartz, E Quartz, natural stone and shower panels, cut from full slabs.

Slabs and surfaces for counters, walls and showers

More than 100 colors and patterns, in four collections. Ask in the showroom for a full slab view or a sample to take home. Countertops, waterfall islands, backsplashes, feature walls and shower panels can all be cut from the same material.

Quartz

Engineered quartz in quiet whites, veined calacattas, warm golds and deep darks.

E Quartz

Quartz with a printed surface, for fine veining and natural stone patterns.

Natural Stone

Natural slabs with strong movement, in polished and leathered finishes.

Shower Panel

Porcelain and printed surface panels for showers and wet walls.

Flooring

Engineered hardwood, vinyl plank and laminate, with more than 500 samples in the showroom.

Engineered hardwood

A real wood top layer on a layered core. Compared with solid hardwood, the core stays more stable when the humidity changes, and a thicker wear layer gives more chances to sand and refinish over the years.

More than 500 flooring samples of wood, laminate and vinyl are on display in the showroom.

BRANDS AND COLLECTIONS

URBANFLOOR	Villa Caprisi, Prima Lusso, Chêne
CALIFORNIA CLASSICS	Mediterranean
ALSTON	Casablanca, Newport

Vinyl plank and laminate

Vinyl plank with a WPC or SPC core, and laminate, for homes with kids, dogs and busy kitchens. Pick by core, wear layer and warranty, and see every sample side by side in the showroom.

BRANDS AND COLLECTIONS

WPC VINYL	CoreTec: Originals Premium Vortis: Norden Home, Ocean Crest
SPC VINYL	Lions Floor: Lone Star Spirit XL, Natural Essence Plus, Indoor Delight Megaclic: Athens SLCC Flooring: Snyder, Dwell
LAMINATE	Megaclic: Santerra, Centennial, Diana, AquaShield

CARPET

Soft underfoot, quiet and warm

Carpet in a wide range of colors and textures, on display in the showroom. Color and texture read differently in your hand than on a screen, so we compare samples side by side and help you choose the right one for each room.

BRANDS WE CARRY

Shaw Floors · Fabrica · Dreamweaver

PET PERFECT BY SHAW

- Pet approved
- Resists pet stains and soiling (R2X)
- Bleach resistant
- 20 year warranty
- Made in the USA

LIGHTING

Light, chosen with the finishes around it

Lighting is the newest line at US Floor Design Center. Ask us about it when you visit the showroom, and plan it together with the rest of your project.

While you are here, look at the cabinets, the flooring and the brass switches and dimmers that go with it.

Brass, black and dark aged

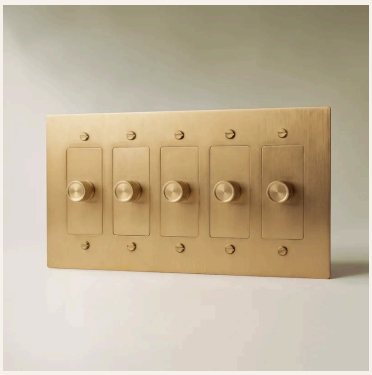

Dimmers with a round knurled knob in single pole and 3-way, toggle switches, outlets and matching wall plates from one to three gang. Every piece is UL Listed for the US and Canada and rated 15 amps.
